

PC Software Government* Prices

Effective January 1, 2014

* These prices reflect a 10% discount off our commercial pricing.

Simulation Software

SLX Professional

\$5,400

Our top-of-the line extensible modeling platform that you can tailor to meet the needs of high-end, unique simulation applications. Very powerful and unbelievably fast.

GPSS/H Professional

3,600

An industry workhorse since 1977. Extremely fast execution; unlimited model size

Personal GPSS/H

1,800

Includes the same features as GPSS/H Professional, but is limited to small-to-medium-sized models.

Animation Software

Proof 3D

\$2,250

Proof 3D is our top-of-the line animation software. Proof 3D can be used to visualize simulations developed with a wide variety of simulation tools, including tools from other vendors. Proof 3D provides smooth, realistic motion of large numbers of objects, in both post-processed and concurrent modes.

Proof 5

1,550

Proof 5 is the successor to our popular P4 2D animation software. Proof 5 provides a lower-cost alternative to Proof 3D for users who don't need 3D animation.

Service & Support	Shipping
<p>Prices include service for one year from the date of purchase. Service includes assistance and support via e-mail and includes any new minor software releases at no additional cost. Fax/phone charges outside North America may be billed to the customer at Wolverine's discretion. After one year, major software upgrades require additional payment. Updates are posted on www.wolverinesoftware.com.</p>	<p>Prices include USPS First Class shipping to U.S. and Canadian addresses. Express Mail and Priority Mail shipping to U.S. destinations and <i>all</i> shipping to other countries are billed at USPS cost.</p>
