## Simulation Software

### SLX Professional

**\$750**

Our top-of-the line extensible modeling platform that you can tailor to meet the needs of high-end, unique simulation applications. Very powerful and unbelievably fast.

### GPSS/H Professional

**500**

An industry workhorse since 1977. Extremely fast execution; unlimited model size

### Personal GPSS/H

**350**

Includes the same features as GPSS/H Professional, but is limited to small-to-medium-sized models.

## Animation Software

### Proof 3D

**\$750**

New for 2008, Proof 3D is our top-of-the line animation software. Proof 3D can be used to visualize simulations developed with a wide variety of simulation tools, including tools from other vendors. Proof 3D provides smooth, realistic motion of large numbers of objects. In both post-processed and concurrent modes.

### Proof 5

**450**

New for 2008, Proof 5 is the successor to our popular P4 2D animation software. Proof 5 provides a lower-cost alternative to Proof 3D

### Ordering & Licensing

Network licenses for Student GPSS/H and Student SLX are available if you acquire the full versions of GPSS/H or SLX shown above. Site licenses are unavailable.
