

PC Software Commercial Prices

For worldwide installation

Effective January 1, 2014

We also offer OEM / run-time pricing, based on a sliding scale according to the number of copies. E-mail us for details.

Simulation Software

SLX Professional

\$6,000

Our top-of-the line extensible modeling platform that you can tailor to meet the needs of high-end, unique simulation applications. Very powerful and unbelievably fast.

GPSS/H Professional

4,000

An industry workhorse since 1977. Extremely fast execution; unlimited model size

Personal GPSS/H

2,000

Includes the same features as GPSS/H Professional, but is limited to small-to-medium-sized models.

Animation Software

Proof 3D

\$2,500

Proof 3D is our top-of-the line animation software. Proof 3D can be used to visualize simulations developed with a wide variety of simulation tools, including tools from other vendors. Proof 3D provides smooth, realistic motion of large numbers of objects in both post-processed and concurrent modes.

Proof 5

1,750

Proof 5 is the successor to our popular P4 2D animation software. Proof 5 provides a lower-cost alternative to Proof 3D for users who don't need 3D animation.

Ordering & Licensing	Shipping
